

A short horizontal bar with a teal segment on the left and an orange segment on the right.

# Full Stack Project

Class 10(User Created Post and profile)

## Topics covered in this class

1. Implement the single view post screen according to the author of the post.
2. Use mongodb lookup for complex queries.
3. Implement profile page with posts of the user.

A short horizontal bar with a teal segment on the left and an orange segment on the right.

## Resources

1. MongoDB lookup: <https://docs.mongodb.com/manual/reference/operator/aggregation/lookup/>
